

Workplace Violence Prevention planning in Healthcare (WVPP) California

Title 8 3342 <<https://www.dir.ca.gov/Title8/3342.html>>

On April 15, 2018 OSHA began enforcement of new sweeping workplace violence prevention standards. *It is now mandatory* that all healthcare agencies adopt and implement a specific plan outlined in the law.

Are you in compliance?

NOTE: Below questions are actually from the code section by number.

QUICK Self-analysis FACT-CHECK

Does your facility have a written document or plan that...	Compliant	Non-Compliant
1. ...identifies the person responsible for implementation of such a plan?		
2. ...ensures the active involvement of all employees?		
3. ...provides methods to coordinate implementation throughout each dept./div./facility?		
4. ...coordinates with law enforcement agencies?		
5. ...responds to reports without retaliation?		
6. ...requires supervisory and non-supervisory employee compliance?		
7. ...establishes comprehensive communications systems?		
8. ...develops and provides employee training to the plan?		
9. ...assesses the facility's risk factors in both fixed location and home healthcare?
