

**CALLING ALL CURRENT  
VPP STARS OR  
REACHING VPP &  
SHARP APPLICANTS!**

**Why?** These new courses serve as a preliminary or basic platform for the VPPPA's 2023 Safety + Symposium and the introduction of a new premium educational program

**In addition,**

the **“enhanced”** 30-hour course lessons provide a natural synergy to the site’s VPP plan specifically designed for management, supervisory, and safety team members. Using OSHA Authorized General Industry Training and credentials is a powerful foundation for employees to begin, develop, and enhance their knowledge for supporting your site’s journey.

Two new safety course offerings just for **VPP, SHARP & REACH sites!**

OSHA  
10-Hour  
PLUS

VPP and OSHA  
30-Hour VPP  
Enhanced.

**BERT’S OSHA 10-Plus (+)** offers your employees OSHA’s 10-Hour course taught by authorized trainers PLUS an ADDED two-hour unit on the Four Elements of a VPP Star Program that reaches above and beyond the minimum requirements of OSHA standards. Each of the lessons builds back upon the VPP framework.

BERT’s courses are among your best investments in your business and worksite.

As you know, VPP statistics show that 100% of employers who achieve VPP status see an increase in profits and morale.
